

Dear Guest,

We warmly welcome you at our place and thank you for choosing offRoadadventure for your stay.

You are free to choose a spot anywhere on our ground to put up your tent/car and make it cozy and comfortable, with, of course, a perfect place for a camp fire and just feel at home, but please consider that later arriving guests also would like a spot to camp.

We would like to ask you to observe the following:

- We live in good harmony with the local people, namely those bordering the road up to our ground; please keep in mind to drive slowly and respect their presence *so we will be able to go up and down for years with smiling faces.*
- Use your common sense when it comes to making fire; *the mountain won't look so nice without trees...*
- Respect other campers regarding loud music and smoke of a barbecue etc.
- Drive slowly on the ground and try not to deteriorate the grass and the paths more than needed. *There are hundreds of square kilometers of mud just behind our place where you can enjoy the power of your machine.*
- Please do not litter and drop cigarette butts on the ground *but if you really feel that need, we'd be glad to redirect you to our local dumping ground.*  
Close to your place, a receptacle for the disposal of your garbage is put.
- Our sanitary unit is gender neutral so please keep this in mind in case other guests are around; *Don't confront them with your fantastic physique.*
- Every day, the sanitary unit is cleaned but if you see something that makes you unsatisfied, please call us.
- The (warm) water supply is not limited but the boilers need time to heat up. Keep in mind that the person after you also would like to be able to shower; please limit your shower time.
- If you desire wood for your camp fire, just contact one of the collaborators. Feel free to collect some that is laying around in the woods surrounding our ground but do not take from the piled wood *or cut our trees that serve as decoration.*
- At the tavern and on its terrace and in the gazebo, only consumption provided by us can be consumed. Of course, the picnic tables are yours to use without restriction regarding the above, *just don't cut them in pieces for your camp fire.*
- If you would like to make a trip by car, motorbike, bicycle or by foot, you can consult us for a nice track suitable to your wishes. *I case you get lost, we will come to rescue you and we will feel like heros.*

We will do our utmost in helping you having a wonderful time during your stay. If you have any question, request or complaint, please do not hesitate to discuss it with us.

Thank you for your cooperation and we wish you a great stay in beautiful Maramureş. Enjoy!

The offRoadadventure team
